Educational Goals - Attach Essay to this Application

Please attach a typed essay to this application to provide the Book Award Committee with more information about yourself. For your essay choose one activity from the previous page. The motto of the ICF is "I came to light a fire". We are looking for an activity in which you had a role in lighting a fire - in yourself or others. Then describe your goal, the role you had, key accomplishments toward reaching the goal and the final outcome. Acts of service to others or charity involvement are appreciated and reflect the goals of the ICF.
