

ST. THOMAS MORE CATHOLIC CHURCH

# HAPPY EASTER

---

LETTER FROM THE PASTOR | Easter 2026

Dear Brothers and Sisters in Christ,

**LIGHT.** This EASTER, my heart desires to reflect on Christ as LIGHT. Easter is about the LIGHT OF CHRIST radiating out from the darkness of the tomb. LIGHT fills up the room but does not take up any space.

This is the way that Christ wants to be in your life. He does not want to be an obstacle, something you have to walk around, or a burden on your shoulders, for the LIGHT is light, it has no weight.

LIGHT is what reveals the vibrancy, the colors, and the radiance of God's love that is all around us.

LIGHT is outward, expansive, warm, and life-giving, which is what LOVE is like.

LIGHT is also TRUTH, which sometimes can hurt for a while but always leads to healing. We need to let this LIGHT into our hearts to reveal the truth that, sometimes we want to avoid. But trust the LIGHT. Christ the LIGHT reveals the path to redemption, healing, forgiveness, and salvation.

This LIGHT radiates so brightly from this beautiful community of St. Thomas More. Let us continue to be that beacon of LIGHT, glorifying our RISEN LORD, and serving him faithfully.

Happy Easter to you all!

Sincerely in Christ, our LIGHT,

A handwritten signature in black ink that reads "Fr. Eugene J. Lee".
