

# CONSTRUCTION UPDATE: A NOTE FROM THE PASTOR

Dear Parishioners,

I would like to share a brief update regarding the progress of the construction project. You might have noticed that we haven't made much progress with construction.

At this time, we are awaiting final approval from the Holy See before we can begin full-scale construction. While all preparations have been completed locally, this important step is still pending, and we are unable to proceed until the official authorization has been granted. Be assured that this is not a budgetary issue, construction planning issue, or anything on our end. These are purely formalities that have yet to be fulfilled.

I understand that this delay may be disappointing, especially as we all look forward with excitement and hope to the building of our beautiful new church. Please be assured that everything possible is being done to move the process forward. As soon as we receive the necessary approval from the Holy Father, we will be ready to begin without delay.

In the meantime, I ask for your continued prayers for a timely approval. Let's stay united in the mission!

Thank you for your patience, your faith, and your ongoing support.

In Christ,

*Fr. Eugene Lee*
