On October 18, the Catholic Church will celebrate the feast day of St. Luke the Evangelist, the author of St. Luke's Holy Gospel of Jesus Christ and the author of Acts of the Apostles. According to Eusebius, Luke was born in Antioch, Syria, to a prosperous Gentile Greek family and was educated as a physician. Luke was one of the earliest converts to the faith and accompanied Paul on his second and third missionary journeys. He cared for Paul's health even through his Caesarean and Rome captivity. Luke was also known as one of the first icon painters. His paintings include the 'Hodegetria', the Virgin Mary holding the Christ Jesus at her side, which is believed to be lost. In addition, the sacred portrait known by the title 'Salvation of the Roman People', survives to this day in the Basilica of St. Mary Major in Rome. Saint Luke was canonized pre-congregation which means before the set-up of modern investigations by the congregation for the Causes of Saints. Saint Luke is the patron saint for physicians and artists. According to Catholic tradition, after Paul's martyrdom, St. Luke moved to Boeotia in Greece and died there at the age of 84.

Support can absolutely make a difference. Let's do what we can to never let a woman feel so alone and desperate as to abort her child. Awareness of the numerous resources available to women and couples who find themselves too overwhelmed to carry through with pregnancies can quite possibly save a life. Donating and volunteering at these various organizations in our local area will be concrete ways to build a Culture of Life.
